# MUSHROOM

MUSHROOM Square | light + building Fair | Frankfurt, Germany | Lighting Design: Kat Mai

## MUSHROOM. Simple shapes. Elegant effect.

The essential geometric shapes of a circle and a square make ADA-compliant MUSHROOM an appropriate decorative option for a wide array of interior applications – in foyers, hallways, conference rooms, hospitality settings and exhibition spaces, to name just a few. The combination of a frosted acrylic lens and an integral spread lens for each LED chip provides a smooth light pattern – a refined halo of light surrounding each impeccably finished matte black luminaire.
